"WE TREAT, GOD HEALS"
YESU AKWAGALA MEDICAL CENTRE- SEGUKU
SEGUKU 6 MILES OFF ENTEBBE ROAD

BACK GROUND OF YESU AKWAGALA MEDICAL CENTRE-SEGUKU

Yesu Akwagala Medical Centre-Seguku is registered by the Uganda Medical and Dental Practitioner Council and managed by a Voluntary Board of Trustees whose members are Ugandan citizens and residents of good standing. It is under the umbrella organization of **Uganda Christian Outreach Ministries**, a Christian based Non-governmental Organization (NGO) with the main motive of rebuilding Uganda through rebuilding character in JESUS' Name.

UCOM has existed since 1987, from its Headquarters at Seguku in Wakiso District and spread its activities and operation throughout Uganda by touching lives and transforming communities, in word and deed by way of preaching and teaching in the gospel of the Lord Jesus Christ: launching, planting and construction of churches; **provision of health care** and counseling services; building of schools and provision of affordable education; sponsoring education of orphans and other vulnerable children as well as provision of clean and safe drinking water sources.

Vision:

To provide timely high quality and affordable medical services to all.

Overall mission:

Serving Christ through providing first class medical care.

Yesu Akwagala Medical Centre, one of the Projects under Uganda Christian outreach Ministries, was established in February 2021. Staff at the Medical Centre:

Dr. Andrew Kaweesa is the Senior Medical doctor at Yesu Akwagala Medical Centre working fulltime, with a medical degree from HUST UNIVERSITY China. His also a registered medical practitioner with the Uganda Medical and Dental practitioner, who is serving now his ninth year as a medical practitioner.

Below is Doctor Andrew working on patients.

Doctor Andrew in the theatre operating a patient.

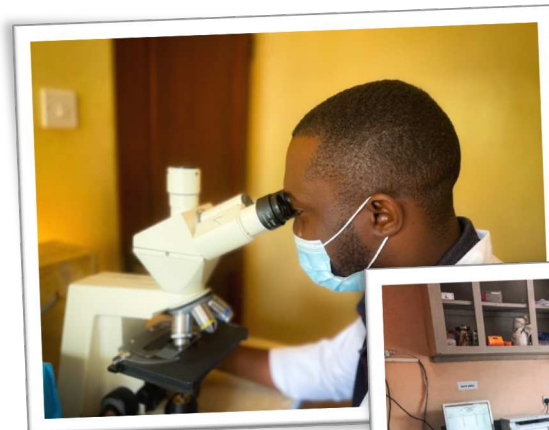

On the far end is parents and twins we first had when we started operating.

Andrew is assisted with a group of dedicated trained health workers, who's work is to take care of patients, believing God for healing and recovery. They are all trained health workers serving the community of Seguku, surrounding towns and the country.

Some of our nurses and doctors.

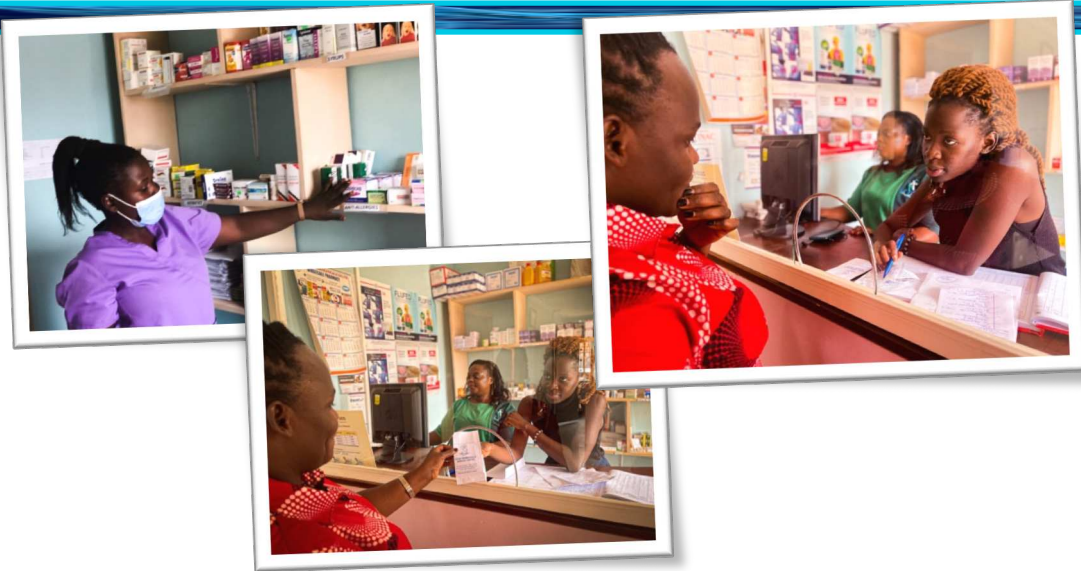

anesthesiologist working on a patient in theatre.

A lab attendant working on samples

Patient receiving instructions from the pharmacy.

Nurses handing over files.

Radiologist working on a patient.
