(UCOM) MONTHLY

REPORT May-June

Jeremiah 17:7—8 Says; Blessed is the one who TRUSTS in the LORD, whose CONFIDENCE is in him. They will be like a TREE PLANTED by the WATER that SENDS OUT its ROOTS by the STREAM. It does NOT FEAR when HEAT Comes; its leaves are ALWAYS GREEN. It has no worries in a year of DROUGHT AND NEVER FAILS TO BEAR FRUIT

Thanks to friends and Partners at WOMF/UCOM here in the Villages of Uganda and the Great Lakes Region of East Africa and beyond. These two months of May and June 2022, have been very fruitful months Even in the midst of HEAT and DROUGHT season of inflation, every commodity price's shooting up the HOLY SPIRIT has helped us to continue BEARING FRUITS in the Villages of Africa.

This church was launched and led by our Pastor Bukenya Tonny who died in car accident and the church has gone through a lot of DROUGHT AND HEAT but the Holy Spirit has raised up Pastor Tereza Kisakye who is now leading it and despite of Covid 19 lockdown with Pastor Tereza's leadership the Church is BEARING FRUITS in the Community. We ordained her to become the Senior Pastor. This community was known for its witchcrafts and many witchdoctors boasted of their powerful gods but when the Full Gospel of Jesus Christ arrived, many have been transformed and became born again. Even witch men and women have been converted to Christ Jesus. We have Church land, but we need your prayers and your partnership with them to build their Church building.
